

REGATTA COTTAGE

We've loved Regatta Cottage

In every single way

All the lovely touches

Have really made our stay

The Kitchen - what a marvel!

And oh - so - gleaming clean!

Even with a proper cook

- my stir fry was quite mean!

I've loved the well stocked drawers -

The welcome pack - so kind.

We've congratulate ourselves a lot
on this fantastic find.

The black-out-blinds were welcome

they helped our kids sleep late

And if you are a parent

you'll know that this is great!

We only have one niggle
And that is very small
The creaking of the bunk bed
can be heard from down the hall.

The bed is very noisy
Which didn't bother me.
But it kept waking Sophie
and she is only three.

The manual you left us
was so clear and well formed.
And helped us see the delights
with which the Isle is adorned.

A huge thank you to Amanda
for this really lovely home house
We hope one day to come again
The children, me and my spouse.

When Sophie is just four
The bed will creak no more
The metal frame has gone
Replaced with a wooden one

We loved your poetic
feedback.
